

FROM “REFEREE” TO “COACH” – and Other Game-Changing Mindshifts for Teaching Digital Well-Being, Digital Citizenship, + Media Literacy

Dear _____,

The Center for Digital Thriving at the Harvard Graduate School of Education released its first asynchronous course, *From "Referee" to "Coach" – and Other Game-Changing Mindshifts for Teaching Digital Well-being, Digital Citizenship, & Media Literacy*. This multimedia course is designed to empower us educators to adopt healthy mindsets toward supporting our students in this ever-evolving digital landscape. With our school's goals in mind when it comes to students' (and faculty's) digital wellbeing, I would like to participate in the course this school year.

The course costs \$129, yet I can receive a 15% discount with promo code EARLYBIRD15. I will have until June 30, 2025, to complete the approximately 6-hour online course. And I will walk away with a host of new classroom activities and professional development resources to share with my colleagues. Please let me know how best to secure funding and approval to take this course.

You can learn more about the Center for Digital Thriving at its site digitalthriving.gse.harvard.edu and find details about the course [here](#).

Thank you in advance,
