

This resource was created by the Center for Digital Thriving at Harvard Graduate School of Education. It was made possible through the support of Grant 63220 from the John Templeton Foundation. It is inspired by Bandura's (2006) theory of agency, Freire's (1970) tradition of critical and participatory pedagogy, and grounded in the Center's work on digital agency (Weinstein et al., 2023). It has a Creative Commons Attribution-NonCommercial-ShareAlike 4.0 International license. Remixing is encouraged! Suggested citation: Tench, B. (2025) Agency-Centered Framework for Al Literacy (Working Draft). Cambridge, MA, USA: Center for Digital Thriving.
